6. (Internal Use Only - LLM) LIAISON In response to a request of Bill Miller, Staff Director, Senate Select Committee on Intelligence, for the names of the witnesses we would provide for tomorrow's hearing on wiretapping, I identified Ed Proctor, former DDI, [REDACTED] [REDACTED] SA/D/DCI/IC, and [REDACTED] as probables. I explained that we were trying for a team presentation to cover the essential facts and Miller said this made sense and said not to make any assumptions on what the members know or don't know.

24. [REDACTED] LEGISLATION Called Bill Shattuck, Counsel to the Subcommittee on Administrative Law and Governmental Relations, House Judiciary Committee, and informed him that we could accept either the House Judiciary Committee's language or Representative Paul McCloskey (R., Calif.) language as amendments to the (b)(3) exemption of the Freedom of Information Act.

26. [REDACTED] LIAISON I accompanied [REDACTED] and [REDACTED] both of LA Division/DDO, and [REDACTED] OGC, to the Senate Foreign Relations Committee office to review the transcript of the testimony of 6 March 1973 by former Director Helms.

27. [REDACTED] LIAISON Called Fred Asselin, Senate Government Operations Committee staff, in response to his call to [REDACTED] Asselin is handling the Committee's investigation of the security of Government computer systems. Their inquiry will be limited to computer related crimes and management's responsibility to provide proper protection. He asked that those involved in the inquiry read the Committee's report just published which contains three GAO reports and their findings. A meeting will then be set up to discuss the full scope of the investigation. Asselin does not want to get into sensitive matters and hopes that the inquiry can be unclassified. I will get back to arrange a meeting. I had earlier called [REDACTED], OJCS, and the Agency group will probably be comprised of [REDACTED] Security, and [REDACTED] EDP Audit Staff.
